TAPPP JMOs

TAPPP JMOs are employed to 12-month positions within Mental Health and tend to rotate 6 monthly, they have their training program, pastoral care and resolution of any issues dealt with by the Mental Health Medical Education Unit.

DCT – Dr Rebecca Kurlinkus

MEO – Debra Wisdom

The Medical Education Unit runs a weekly tutorial held at Glenside each Thursday afternoon and an independent Psychiatry Training Committee that oversees JMO Training. The program is not affiliated with an individual hospital or the SAPTC.

Hospital JMOs

Hospital JMOs tend to rotate 3 monthly through Psychiatry and are employed by Hospital into General Hospital positions which include a variety of rotations in areas such as Emergency, Obstetrics and Gynaecology, Medicine, Anaesthetics and PSYCHIATRY.

These JMOs attend Hospital run education sessions and come under the guidance of the local hospital Medical Education Units. Their training is overseen by the local General Clinical Training Committees.

They are not affiliated with Mental health and tend to not have a focussed interest or plan to pursue Psychiatry as a career path.
